Faculty Tools-Course Overrides

When a course is filled or the student doesn’t have the correct prerequisite, this area can be used to authorize the student to register for the course.

† Click the **Course Overrides** link under **Faculty Tools** in the **My Tools** area.
† The **Course Overrides** window will display (see illustration below).

**Course Overrides**

<table>
<thead>

**Course List**

Select the term for which the override is to be granted.

† Click the **Course List** link at the bottom of the window.
† The **Course Overrides - Course List** window will display.

**Course Overrides - Course List**

- **Term:** FA 2015
- **Show:**
  - Courses I am teaching

**Course Overrides - Details**

- **Edu Technology & Assistive**
  - **Fall - 2015 SED421-AA Undergraduate Undergrad 2015-2016 1 Credits**
  - **Capacity:** 20
  - **Enrollment:** 11
  - **Waitlisted:** 0

**Course Authorization Totals**

- **Show:**
  - All Conditions

**Authorizations Granted**

No Course Authorization data was found.

Override a Course You Teach

† Click the **Courses I am teaching** option button.
† Click the check box for the course for which the authorization is to be granted.
† The **Course Overrides-Details** window will display (see illustration above).
† Click the **Add New Authorizations** link to add the authorization for the course.
The Course Authorization – Add New Authorizations window will appear (see illustration below).

Input the required information into the proper boxes.
Click the Search button to locate the student.
Click the Advanced Search button to specify additional criteria for the search.
★ The information shown in the illustration below will display.
★ Click the Authorization Condition that pertains to this particular student.
★ Click the Search for Name button to locate the student for whom the override is to be granted.

Click the Select button next to the student’s name to which the override is to be granted.
Select the condition under which the override is to be granted. These are:

- **Capacity** – The maximum number of seats for the course have been reached.
- **Schedule Conflict** – The student has another class at the same time as the one for which the override is being granted.

Click the **Add Authorization(s)** button.

Permission will be granted for the student to register for the course.

Click the **Course Overrides** button to return to the **Course Overrides** window.

Click the **Faculty Tools** link to return to the **Faculty Tools** window.

Click the **Home Tab** to return to the main **My Siena** page.

**Override a Course You Do Not Teach**

Click the **All Courses I Can Authorize** option button.

Click the **Program** list arrow to select from **All**, **Graduate**, or **Undergraduate**.

Click the **Department** list arrow to select a department to search.

- **It is strongly recommended that you select a department.**
- **This will narrow the search.**
- **After all the options have been chosen, click the Search button.**

The rest of the process is the same as for overriding a course that you teach.

Authorization privileges are granted by the Registrar, and may not be available for everyone.

To return to the **My Siena Main Page**, click the **Home** tab.

**Remove Authorization**

Click the link for the course for which the override is to be removed.

Click the check box next to the name of the student for whom the authorization is to be removed.

Click the **Remove Authorizations** button.
The authorization will be removed and the name of the student will be removed from the list.

To return to the My Siena Main Page, click the Home tab.

**Use Set Options**

When the options for Course Overrides are changed it will affect all the override portlets on all the pages of the site.

- Click the Set Options tab in the Course Overrides area.
- The Set Options window will display (see illustration below).

> Under Name Search Options, click one or more of the check boxes.

  - **Search Using Phonetic Match** – This option will search for a name that sounds like the one that is input. When using the other two options, it is a good idea to uncheck this option.
  - **Search Using Primary Name** – This option is used to search for the student using the primary name as it is listed in the CARS database.
  - **Search Using the Alternate Name Types** – In CARS, it is possible to input a different name for a student, such as their maiden name. This option will allow the advisor to search by the alternate name.

  To indicate the column by which the Authorizations Granted should sort when the Course Authorization Details screen is displayed, click the Sort Column list arrow and select one of the options; Student, Condition, or Reason.

  When all the options have been selected, click the Save button.
