

INSERT A HEADER AND/OR FOOTER

A header is used to apply formatting, such as inserting the name of the document or the date that the document was created, to the top of each page of a document. In addition, it is possible to apply formatting to the bottom of each page of a document by inserting footers.

Header - Text to be printed at the top of each page in a document.

Footer - Text to be printed at the bottom of each page in a document.

- ✦ Click the **Insert Tab**.
- ✦ In the **Header and Footer Group**, click either **Header** or **Footer**.
- ✦ A list of formats for the **Header** or **Footer** will display (see illustration below).
- ✦ Scroll through the list to locate the desired **Header** or **Footer** style.

- ✦ Click the desired style.
- ✦ The **Header** or **Footer** area of the document will display.

- ✦ Input the text for the **Header** or **Footer**.
 - ✦ To make changes to the Header or Footer, do one of the following:
 - ★ Click the **Header and Footer Tab**.
 - ★ In the **Header and Footer Group**, click the **Header** or **Footer** list arrow.
 - ★ Select **Edit Header** or **Edit Footer** option.
- or
- ★ Double-click within the **Header** or **Footer** area and make the appropriate changes.
 - ✦ To remove the **Header** or **Footer**, click the **Remove Header** button in the appropriate list.
