

Display Page-Zoom In/Zoom Out

It is possible to zoom in and zoom out using the View Screens button or multi-touch gestures. Multi-touch gestures will only work if the SMART Board supports this feature.

USE VIEW SCREENS BUTTON

✚ Press or click the **View Screens** button on the **Notebook Toolbar** (see illustration below).

- ✚ Do one of the following:
- ★ Select a **Magnification Level** between **50%** and **300%**.
 - ★ Select **Entire Page** to make the entire page fit the display.
 - ★ Select **Page Width** to set the page width to the same width as the display.

USE MULTI-TOUCH GESTURES

For this feature to work, the SMART Board must support multi-touch gestures.

- ✚ Drag your fingers in opposite directions to zoom in.
- ✚ Drag your fingers toward each other to zoom out.
- ✚ A message will appear displaying the current zoom level.
