SORTING CONTACTS BY FIELD

If a Table view is being used, such as the phone list or the by category, the quickest way to sort the list is to click the heading at the top of the column. The arrow icons on the headers indicate whether the list will be sorted in Ascending (A-Z, 0-100) order or in Descending (Z-A, 100-1) order. If the Contacts list is in Card View, then the Sort dialog box has to be used. This dialog box allows you to sort by up to four fields. To use the Sort dialog box, complete the following steps:

+)
- Click the View Tab.
- In the Current View Group, click the View Settings button.
- The Advanced View Settings dialog box will appear (see illustration below).

1. Click the View Tab.
2. In the Current View Group, click the View Settings button.
3. The Advanced View Settings dialog box will appear (see illustration below).

1. Click the View Tab.
2. In the Current View Group, click the View Settings button.
3. The Advanced View Settings dialog box will appear (see illustration below).

4. Click the Sort button.
5. The Sort dialog box will appear (see illustration above).
6. In the Sort items by list, select a field for the Sort.
