

Personalization-Theme Sounds

The themes in Windows 7 contain a sound scheme. These schemes assign specific sounds to some program events. The sound options can be changed using the Sound dialog box.

- ✦ Open the **Control Panel**.
- ✦ Click the link for **Appearance and Personalization**.
- ✦ Under **Personalization**, click the link for **Change sound effects**.

- ✦ The **Sound** dialog box will display (see illustration on next page).
- ✦ In the **Sound Scheme** list select a scheme to use.
- ✦ Make any other desired changes to the sounds.
- ✦ Click the **Apply** button to apply the sound scheme to **Windows**.
- ✦ Click **OK** to exit the **Sound** dialog box.
