

## Ease of Access

This area is used to set up the Windows program for use by people with special needs.

- ✚ Open the **Settings** window.
- ✚ Click the **Ease of Access** link.
- ✚ The **Ease of Access Center** window will display.

- ✚ Try out some of the options available in this window such as Magnifier, On Screen Keyboard, Narrator, and High Contrast.
- ✚ Scroll down the page to view additional options for people with special needs.
