

## SoftChalk - DragNDrop Activity

This Activity allows students to match text items. This Activity is similar to Matching Questions in a test.

- Click the **Insert** tab on the **Menu Bar**.
- Move the mouse pointer over **Activity**.
- From the list that appears, click **DragNDrop**.
- The **DragNDrop Activity** window will display (see illustration below right).

- Enter an **Item** and **Match** into the appropriate boxes.
- Click the **Add to List** button to add the **Item** to the **Item List**.
- To edit an item, click the item in the **Item List** and click the **Edit** button.
- After the **Edits** are completed, click the **Add to List** button.
- Click the **Options Tab** (see illustration above left) to input the **Instructions** for the **Activity**.
- Select any or all of the items under **Options**.
- After all the items have been added and the options selected, click the **OK** button to return to the **Main Entry Window**.
- The **DragNDrop Activity** will display when it is viewed in the Web Browser as shown in the illustration on the next page.

 Drag the items from the bottom to the slots on the right.
