

## SoftChalk - Hot Spot Activity-Quiz Mode

This Activity allows students to explore different areas of an image. With this mode, the student moves the image and popup text appears.

### INSERT HOTSPOT

- Click the **Insert Tab**.
- Move the mouse pointer over **Activity**.
- Select **Hot Spot** from the list of activities.
- The **Hot Spot Activity** window will display (see illustration below).

- Click the check box for **Show Hint** if the students will be allowed to see a screen tip when they move the mouse over a Hotspot.
- To load an image for the **Activity**, click **File**, **Library**, or **Equation**.
- Use the **Drawing Tools** below the **Clear** and **Next** buttons to color part of the image.
- Enter **Text** in the **Enter Hotspot Text** area. This is the text that will appear in the **Hotspot Bubble**.
- Select the **Quiz** option button next to **Mode**.
- Use the **Drawing Tools** below the **Clear** and **Next** buttons to color part of the image.
  - Select the **Pencil Tool** to draw a circle around the **Hotspot**.
  - Select the **Fill Tool** to fill in the **Hotspot**.
  - This is the area the students will click when responding to the statements.
  - The larger the area, the easier it is for students to select the correct answer.
- Enter **Text** in the **Enter Hotspot Text** area. This is the text that will appear in the **Description** at the bottom of the **Activity** screen.

- ☰ Click **Next** to enter another **Hotspot**.
- ☰ Draw over another area of the image.
  - ☞ A different color will appear for each of the **Hotspots**.
  - ☞ Enter the **Hotspot** text.
- ☰ Continue this process until all the **Hotspots** have been entered.
- ☰ When all the **Hotspots** have been entered, click the **OK** button.
- ☰ The **Hotspot Placeholder** will appear in the lesson.

## OPTIONS

- ☰ Click the **Options** tab (see illustration below).

- ☰ Input instructions for the student into the appropriate box.
- ☰ Insert a description of the **Activity** for those students who are visually impaired.
- ☰ Click the **Show Restart Button** option. This will allow the students to restart the Activity.
- ☰ Click the **Display Inline** check box if the **Activity** is to display directly within the Lesson.
- ☰ Click the **Play Feedback Sounds** check box to allow the Activity to play a sound when Feedback is selected.

## EDIT HOTSPOT

- ☰ Right-click on the **Hotspot Placeholder**.
- ☰ Select **Modify Activity** from the list.
- ☰ Click the **Select** button (see illustration at right).
- ☰ Click on another color in the image to select the **Hotspot**.
- ☰ Click within the **Enter Hotspot Text** area to make the changes.
- ☰ When all the changes have been made, click the **OK** button.

## VIEW ACTIVITY IN BROWSER

- 📄 **Save the Lesson.**
- 📄 Click the **View in Browser** button on the **SoftChalk Toolbar** (see illustration at right).
- 📄 Click on the **Hotspot** in the image that corresponds to the **Description** at the bottom of the **Activity** screen.
- 📄 Continue this process until the **Quiz** is completed.
- 📄 Click the **Skip** button in the bottom right corner of the **Activity** if you are not sure of the answer (see illustration below).

- 📄 Click the **Re-start** button to retake the **Quiz**.
