

Switching Between Programs

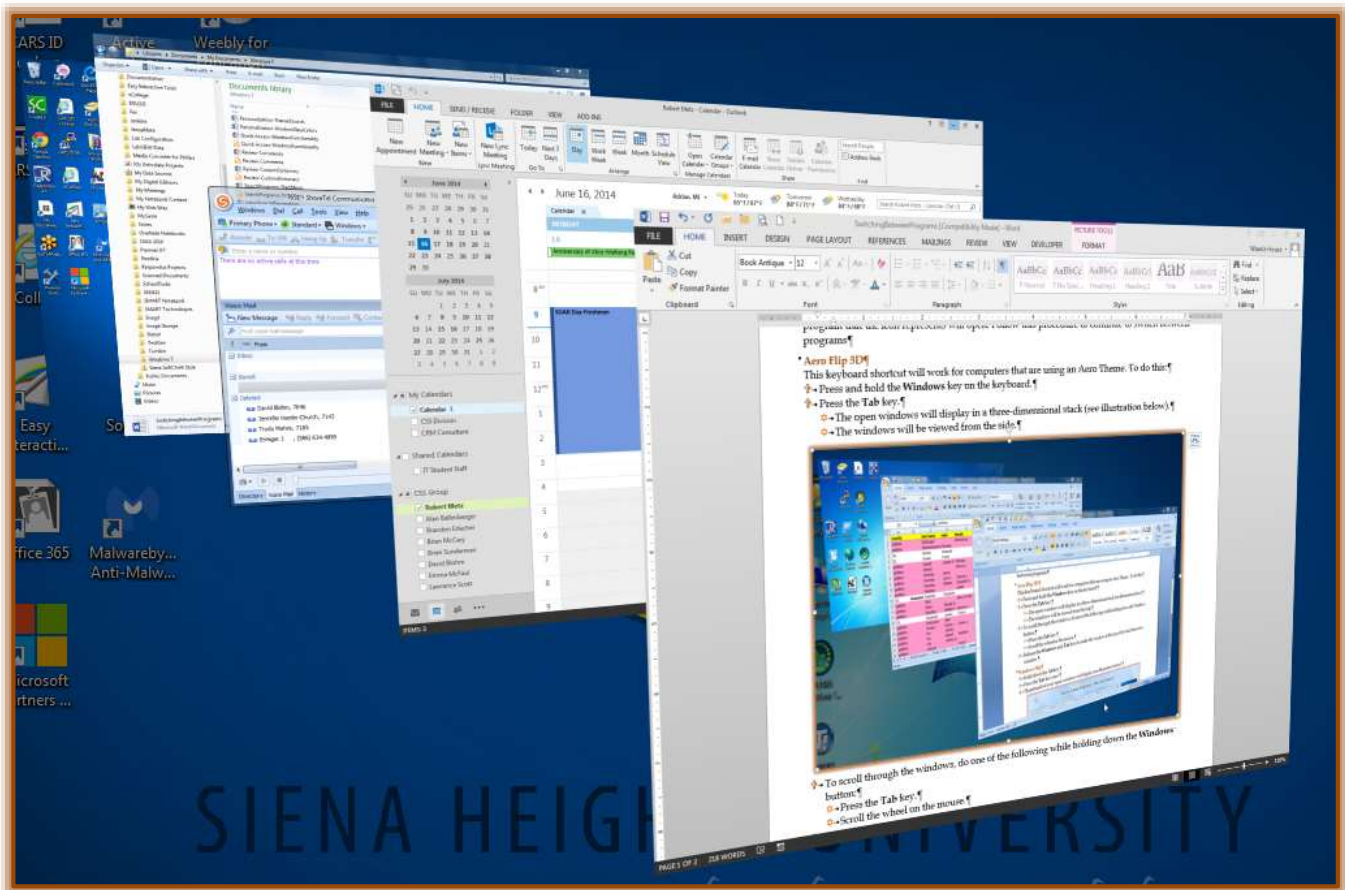

Using the Taskbar

To switch between programs using the Taskbar, click the program icon on the Taskbar. The program that the icon represents will open. Follow this procedure to continue to switch between programs

Aero Flip 3D

This keyboard shortcut will work for computers that are using an Aero Theme. To do this:

- ✦ Press and hold the **Windows** key on the keyboard.
- ✦ Press the **Tab** key.
 - ✦ The open windows will display in a three-dimensional stack (see illustration below).
 - ✦ The windows will be viewed from the side.

- ✦ To scroll through the windows, do one of the following while holding down the **Windows** button:
 - ✦ Press the **Tab** key.
 - ✦ Scroll the wheel on the mouse.
- ✦ Release the **Windows** and **Tab** keys to make the window at the top of the stack the active window.

Windows Flip

- ✦ Hold down the **Alt** key.
- ✦ Press the **Tab** key once.

- ✦ Thumbnails of your open windows will display (see illustration below).
- ✧ The thumbnails display exact contents of the open windows.
- ✧ This makes it easy to identify the windows.

- ✦ Press the **Tab** key while holding down the **Alt** key to select the thumbnail for the program that is to be used.
- ✦ Release the **Alt** key to close **Windows Flip**.
