

Social Icons

These icons can be on the site by using the Social Icon Element. This provides an easy way for visitors to access social media profiles and pages from any page on the site.

- ✚ Click the **Build** tab, if necessary.

- ✚ Scroll down the **Sidebar** on the left side of the window to the **Media** area.
- ✚ Drag the **Social Icons Element** to the page where it is to be inserted.
- ✚ Click in the **Element** to open the **Social Icons Panel** (see below).

- ✚ Click the **Manage Icons** button to display the **Social Icons** window (see above).
- ✚ Click the arrow to the right of each item to add the address for each item.
- ✚ Click the arrow to the right of each item to specify whether to display the item.
- ✚ Select the **Spacing** option to specify the **Top** and **Bottom** Margins.
- ✚ Click away from the **Element** to close the **Social Icons Panel**.
